they could also access emails, texts and contact information or track the location of the phone's owner, Lau said.

I wasn't planning on going." he spun the chair again, and stared out the door at the people walking by in the hallway.

When the result has been pre-determined, even the explicit, filmed and recorded admission of a senior Hamas official, like the video footage of the use of children, will not change the conviction.

And severe obesity among girls climbed from 0.9 percent in 1999-2000 to 2.3 percent by 2011-12.
