various compounded medications work on most scar types including keloid, contracture, hypertrophic and acne scars.

i am doing great, i dusted myself off and still saw friends thursday and friday for a chat and i still went for my eye test and a day shopping with hubby but i did the eye test alone which was great

or anything you can recommend? i get so much lately it's driving me crazy so any help is very much appreciated.

i just used this shampoo for the first time today and it worked beautifully
